Prof. Dr. Martina Padmanabhan – Agrarwissenschaften, Vergleichende Entwicklungs- und Kulturwissenschaften, Geschlechterforschung – Universität Passau, DE)

Schedule

After the workshop, we have to follow a very tight timetable. In order to hold the publication deadline (end of 2016), authors are asked to rework and finally submit their papers within a narrow time frame. In concrete terms, FZG requires the final papers to be submitted by **February 15, 2016** at the latest. After that, the papers will go into a scientific peer review process.

For questions related to the publication process, please, get contact the Editorial Office of the Freiburger Zeitschrift für GeschlechterStudien (FZG): fzg@mail.uni-freiburg.de.
